

MICHR Clinical & Translational Science Pilot Award – Letter of Intent

Contact PI Name

Contact PI Email Address

Proposed Project Title

Briefly describe the translational science roadblock/challenge being addressed, including why the roadblock/challenge is a significant issue in the field. (~3-4 sentences)

How do you propose addressing this challenge (ie, approach/methodology)? (~3-4 sentences)

How will the anticipated solution(s) be generalizable across a range of diseases, conditions, and/or translational processes? (~2-3 sentences)

What is the composition of your research team? Include names, titles and affiliations.
